

ALL ABOUT ADJECTIVES

TEACHER'S GUIDE

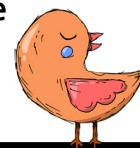

Ages: 4 - 6, 7 - 9
LITERACY - ADJECTIVES

All about adjectives is an activity where students will find something they find interesting outside, draw it, and think of some adjectives to describe it using all of their five senses.

This pack contains differentiated sheets as well as word banks to support those who need the extra help. It can be a great starter activity, plenary, or even whole lesson depending on the age of your students and their abilities.

It's important students have a basic understand as to what an adjective is before starting this activity.

ALL ABOUT ADJECTIVES

Name: _____

Find something outside that you really like, draw it, and write amazing adjectives around the outside to describe it.
