

THIS IS NOT A Stick

TEACHER GUIDE

LITERACY: MISC
AGES: 4 - 6, 7 - 9

This is a fun activity to get those imagination juices flowing as well as encouraging creative play and drama. Students will head outside and find themselves a stick. They must then use their imaginations to turn the stick into as many different things as possible... the possibilities are endless!

Examples: Wand, microphone, guitar, pencil, drumstick, ski poles, etc...

Once they've had a little play they can complete the 'This is not a stick, it's an...' activity sheet, thinking of as many things their stick could be as possible.
