

OUTDOOR SCALES

Name: _____

Scale Instructions Math - Measuring

Follow these instructions to make some simple scales you can use outdoors.

Materials needed:

- Coat hanger
- String
- 2 buckets
(or similar)

Instructions

- 1: Tie or hang the coat hanger to a branch / suitable object using string.
- 2: Tie two buckets (or similar) of equal size to either side of the coat hanger.
- 3: Have fun using your scales!

Note: The bigger the coat hanger the better your scales will work. You
