

# RATIO:SPOTTER

Name: \_\_\_\_\_

Your mission: Go around your outside area finding ratios of the items listed below.

Example Ratio

Ratio = 6:2

Simplified Ratio = 3:1

Ratio of:	Ratio	Ratio in the simplest form
Trees to Bushes	:	:
Windows to Doors	:	:
Walls to Fences	:	:
Bins to Benches	:	:
Flower Pots to Football Goals	:	:

Challenge: If the ratio between trees and bushes was 3:7, how many bushes would there be if there were 30 trees?
