

# MY SCENT TUB

## TEACHER GUIDE

AGES: 4 – 6, 7 – 9  
Literacy: Adjectives, Description

This is a fantastic activity to get your students exploring the smells of nature while thinking about adjectives.

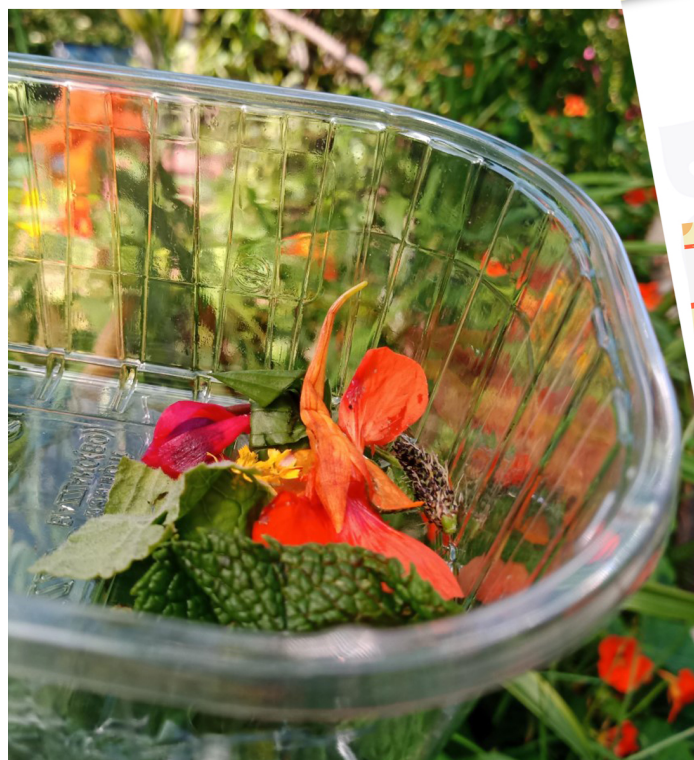

Give each student or pair a tub to take outside. Get them to collect and crush (using a stone or hands) flowers and leaves and put them in the tub to make their very own scent tubs.

Once they've made their scent tubs, get them to complete the activity sheet where they'll draw whats in their tub and write adjectives around the outside to describe what they can see and smell.

This resource contains two activity sheets, one with a word bank and one without.
