

# TREE ADJECTIVES

## TEACHER GUIDE

Ages 4 - 6  
Literacy: Adjectives

This activity is great fun and a nice way to teach adjectives as well as introduce the idea of personification. Students will create their very own magical trees by using clay to make a face on their chosen trunk.

Once they have made their faces they can complete the description sheet by drawing a picture of their tree and writing on words to describe their tree.

**Equipment needed:**

- Clay
- Description sheet
