

Where Am I?

Setting Descriptions

GAME

In pairs, label yourselves 'A' and 'B'. Partner A put a blindfold on and then partner B lead them to a space around your grounds. Partner A will then describe what they can smell, hear, and touch while partner B records what they are saying below. Once Partner A has finished describing, get them to guess where they are before removing the blindfold and describing what you can see together. Remember, try to use powerful adjectives for your descriptions.

Name: _____

Swap over and repeat.

Senses	Description
Smell	
Hear	
Touch	
See (written together)	

Setting guess: _____

Actual setting: _____
